Subject: Agenda for EPA mtg Feb 2

Hi Eric and Roger -

We're looking forward to seeing you this Friday at 9:00. I've copied others on this message that may join us for parts of the meeting. Here's a proposed agenda; we're flexible if there are other topics you'd like to talk about.

(See attached file: USGS agenda.docx)

I've attached some background material. We just recently developed a set of papers summarizing our work with the Water Board to improve water quality standards. There are also a couple of attachments for the Delta/Central Valley topics. I'll have these at the meeting if you don't get a chance to look at them in advance.

See you soon! - Karen
